

Personalized Settings
ODYSSEY

The Odyssey **TOURING** is equipped with a number of convenience features that can be customized to your customer's preferences. Personalize the settings for your customer as listed below. Additional details are contained in the Owner's Manual, Quick Start Guide, and/or Features DVD (e.g., Navigation System, XM® Satellite Radio, and HomeLink®).
NOTE: Default factory settings appear in **bold** print.

Note: Most features will be personalized using the vehicle's MID.

CUSTOM SETUP AUTO DOOR LOCK VEHICLE SPEED
5	Auto Door Unlock Consult the Owner's Manual for instructions on how to set/change the feature through the Multi-Information Display. <input type="checkbox"/> DRIVER DOOR SHIFT TO "P" Driver's door unlocks when shift lever is moved into Park (P). <input type="checkbox"/> ALL DOORS SHIFT TO "P" All doors unlock when shift lever is moved into Park (P). <input type="checkbox"/> DRIVER DOOR IGNITION OFF Driver's door unlocks when ignition is turned to LOCK (0). <input type="checkbox"/> ALL DOORS IGNITION OFF All doors unlock when ignition is turned to LOCK (0). <input type="checkbox"/> OFF/DEACTIVATED Auto door unlock function is deactivated.		CUSTOMIZE MENU i : NEXT SEL RESET : ENTER AUTO DOOR UNLOCK ▶
6	Remote Transmitter/Memory Seating Each remote transmitter activates the driver's seat position memory system. (1) Instruct the customer to sit in the driver's seat and adjust the seat and door mirrors to preference. Set the memory for the seating according to driver preference (Driver 1 or 2). Advise the customer that the memory position is indicated on the remote transmitter. Confirm that the remote transmitter is linked to the vehicle. Consult the Driver's Memory Seating section of the vehicle's Owner's Manual for instructions. (2) Make sure to store the seat position in the memory of the transmitter that the customer will carry.		
7	Bluetooth® HandsFreeLink® (B-HFL) To view/confirm phone pairing information, go to handsfreelink.honda.com , or call the customer support line at (888) 528-7876. Then: (1) Review Bluetooth phones that work best with Honda B-HFL and B-HFL Web site. (2) Confirm that the customer's phone will function with HandsFreeLink. (3) Turn ignition on and push OK on the navigation screen. (4) Set up the phone to prepare for Bluetooth connection. <i>If neither you nor the customer are able to successfully place the phone into "Pairing Mode," and the customer still requires setup assistance, request that the customer bring a copy of his/her phone owner's manual to the dealership for assistance.</i> (5) Press the B-HFL TALK button and say "Phone setup, pair." <i>Note: You will need to press the B-HFL TALK button each time you would like to say an instruction.</i> (6) State "1-2-3-4" for the PIN. (7) Put the phone into search mode. (8) Select "HandsFreeLink" when it appears on the phone. (9) Enter PIN (1234) when prompted by the phone. <i>Accept Pairing a Phone if prompted.</i> (10) Have the customer name the phone (ideally using the customer's name). (11) Ask the customer if it would be OK to call his/her cell phone to confirm customer B-HFL usage.		 <p>*Refer to your navigation system manual.</p>
8	NAVIGATION SYSTEM Set address for "go home" voice recognition command and GO HOME selection in the navigation system. (1) Push the INFO button and use the joystick or touch screen to select SET-UP in the navigation system. (2) Use the joystick or touch screen to select PERSONAL INFORMATION . (3) Use the joystick or touch screen to select HOME ADDRESS . (4) Select Edit NAME/ADDRESS and enter the customer's home address. (5) Demonstrate the "Go Home" calculation. (6) Show the customer the difference between the navigation and the HFL speech recognition buttons. (7) Show the customer how to correctly use the speech recognition buttons and voice commands. (8) Show the customer the location of the microphone on the ceiling (speak in normal voice). (9) Show the customer the <i>Commonly Used Voice Commands</i> in the Quick Start Guide.
